# CHERRY RED NEWS

"Spring Bank Holiday" !! Well when all is said and done it's still "Whitmas," as far as we are all concerned, Happy Whitmas everybody.

Saturday June 14th, well thats Ronnie Lanes Slim Chance and Curly, which is a really nice line-up we think, advance tickets are a mere pound. We are sure you all know Ronnie Lane played Bass with the faces, and before that the Small Faces. He went his own way a year or so ago, since then he has had several chart successes with his own brand of happy go lucky music.

You may recall seeing Curly last year. They supported the J.S.D. Band if my memory serves me right. Anyway, they have a really good stage act which we thought warrants seeing again. Curly won the Melody Maker Rock Concert in 1973, if that means anything?

Looking ahead we have Argent on the 12th of July and Van-Der-Graff-Generator, on the 9th of October. All the original members of the Generator have reformed and are back on the road. They will be doing a special two hour set for us, which is really something to look forward to.

Don't forget, we still have a few Ace and Curved Air albums going cheap, well 50p off each which aint bad.

ACE - FIVE A-SIDE £2.05

CURVED AIR - LIVE £2.25

Hope you all enjoy yourselves tonight, see yer all on the 14th June.
