NEWS

Hello Everyone....

We trust you all enjoyed the warm weather and feel refreshed after the vacation. Anyway back to business. Robin Trower, yeh, well there were so many folks who had gone off on hols, we thought it best to postpone it till the end of the year.

Incidentally, the line-up for the next few months, all being well, is:-

ARGENT Sept. 27th.

VAN DER GRAFF GENERATOR Oct. 9th.

DR. FEELGOOD Nov. 4th.

THIN LIZZY Nov. 28th.

You may remember ARGENT were due to play Malvern on 12th July. The whole tour was cancelled due to the drummer having 'Hepatitis'. Now everything is fixed for Saturday 27th September. Our old mates SHEERWATER are supporting so it promises to be a goody.

SHEERWATER have some rather smart stickers, designed by a certain guy who shall remain nameless. Anyhow, if you would like some please send a S.A.E. to CHERRY RED. Oh yeh, they're FREE*****.

Some of you may have noticed that at the BABE RUTH gig, there were some posters up and literature about regarding the 'SAVE THE WHALE' campaign. This is an attempt to stop the killing of certain species of whales which are threatened with extinction. If you want to help this worthwhile campaign contact :-

Friends of the Earth Ltd.,
9 Poland Street,
London,
W1V 3DG.

Lots of Love, Cherry Red.
