Do you realise its over 8 weeks since we were last at the Gardens?

Anyhow i guess you all know by now why the KIDS gig was blown out. For those of you that don't, the Kids lead singer broke a leg on the first gig of their tour. That was a drag as we missed out on LONE STAR, cos of that.

So to the future, were not too sure about BACK STREET CRAWLER at the moment, there's a chance we might blow that out and have someone else instead. THIN LIZZY and BARCLAYS are definite. It's possible that STREETWALKERS and CARAVAN may have to be swooped round so that CARAVAN play the Christmas date and STREETWALKERS do the November one. I hope you can understand all that cos i'm totally confused!

Incidentally the Phoenix Club at the Nags Head or is it the Tail? reopens again in September. I dont know anymore details as both Phil and Alan are away on holiday at the time of typing this. If you want to know more about the club, pop into Malvern Music and see Alan. By the way, if your'e not buying your records and tapes from Malvern Music your'e being ripped off. Why? Because they offer up to 15% discount on all records and tapes, sounds good?tis.

I reckon that covers things, before i go i must warn you about the Phantom door knocker that lurks in Malvern, HE only comes out at night so watch out!

Don't forget,

GIVE UP ROCK AND ROLL, for the following reasons.

You dont need it.

Rock and Roll is kinda like smoking you know, you get addicted to it but you dont need it. In fact it's not good for you.

Scientific studies have shown that in addition to loss of hearing too much Rock and Roll can stunt your growth, cause irreparable brain damage and make your teeth ache, nose bleed and in extreme cases even make you sterile.

Now we know what were talking about here, we'll be honest with you we like Rock and Roll, it's junk, but we like it.
