Cherry Red

Hi there, music orbs!

At the time of going to print we have booked ERIC BURDON for June 24th. Yeah, that's right, Eric Burdon once of the ANIMALS. Well, he's got a new band together that actually includes some original members of the Animals, so we're in for a treat. We can't be one hundred per cent sure that it'll come off, so you'll have to watch out in the local press nearer the date, OK?

On July 3rd we have a special birthday gig to celebrate the 5 year anniversary of CHERRY RED. For this very special occasion we have the wonderful KEVIN AYERS and JADE GRENADE. Also I'll be doing a feature on American Rock Bands to celebrate the bi-centenary. I shall be playing a fine selection of Yankee sounds from 1967 to the present day. Apart from all these delights we shall be giving away FREE LP's and singles, T shirts and posters, so you're in for something good, right?

It's a long time since we heard from THE MALVERN DOLLS so we're happy to report that they're alive and well. We actually saw Star and Dymphna at the KISS concert in B'rum the other night. Apparently they are going back to the States with Kiss, as they will be supporting them on a big forthcoming US tour.

For Sale

We now have a great quantity of CHERRY RED T shirts and long-sleeved sweat shirts for sale. They both come in red, yellow, blue and orange with the Cherry Red logo (as above) printed in black. The T shirts are £1.60 each and the sweat shirts £3.00.

Help

As Lindsey and her friends are all off to University soon, we need some more female helpers to assist us in giving out handouts etc. So if any of you girls would like to help, please call in at the box office tonight or drop us a line at Adelaide House.
