

CHERRY RED

3 Adelaide House, 21 Wells Road, MALVERN

Anyroad our next gig is the Feelgoods on Friday 23rd December, our final fling before 1978. I reckon most of you already know that we have Malverns wonderous JERKS supporting. At the time of going to print there was some confusion as to whether the band will be able to retain their name as there are now several other bands up & down the country with the same name, Anyway we shall keep you informed on that. If you ~~XXXXX~~ haven't seen the band yet, you've really missed out, think i'm kiddin? Come along on the 23rd and see for yourself.

Advance tickets are two quid, available now. We ain't keeping any back for the door so buy now while you still can, a lot of you were caught out at the Stranglers, you bin warned.

In the Newsletter thing at the T.R.B. gig we told you about some of the liggers that turned up at the Rods & AC/DC gigs. T.R.B. gig was no exception Alexis Corner, (a name that might not mean much to you) but he's been around for years, His last claim to fame was CCS, remember "Tap Turns On The Water". Etc. Also there were members, from, The Vendettas, Jerks, Satans Rats and the all girl band from Worcester whose name i've forgotten, sorry Wendy & Louise. As far as i know the Vendettas are playin the Gardens this Friday, so go along and check um out, we shall.

The worst news of the year is that the RAMONES date we had has been cancelled, in fact the whole tour has been blown out. Worst part of it is we don't really ^{know} why, it appears to be a Balls up with their agency. They ~~by~~ Birmingham on the 28th so go and see em, we hope to meet da boys and find out what the ell is goin on. Marvellous in it? one of the few bands we really wanted to have and what happens.

I've just been told the JERKS have changed their name to SKERJ, which is ALMOST Jerks backwards in it?

We have just put in RICH KIDS for February 11th, who we all know is ex-Pistol Glen Matlocks band, don't we?

There aint gonna be any more Cherry Red posters oos there now to expensive to do, plus the fact they don't stay on the billboards more than five minutes. Also next year this handout will change. It will be expanded and take the form of a small magazine which will contain, articles, ads, letters and anything of interest. It will not be confine to music, so there, It will be FREE, obtainable as usual here and selected shops around Hereford, Cheltenham, Worcester and Malvern. If you wanna contribute, place an Ad or have any ideas do let us know.

Supprt band tonight is TRICKSTER.

A lot of people have written to us complaining about the music during the intermission and quite rightly so. Nearly all the time the bands road crew use their own tapes. The last time we got to play any records was at the Ultravox gig, so ya, see it ain't our fault. The excuse they use is it's all part of their show. yeah quite!

Is there anybody reading this that has a lot of spare time? You see nobody works at Cherry Red full time and we've taken on so many extra projects that there just aren't enough hours in a day to cope with it. We need somebody who can type and generally keep track with mounds of paper work. Preferably a mortal who lives in Malvern and could come round on a Saturday or a few evenings in the week.
