

PUTTING THE RECORD STRAIGHT!

SIX PASTIES RULE! ^{RIGHT BUZZ?}

The Malvern Fanzine, "Bad Taste" is nothing what so ever to do with Cherry Red or anyone associated wiv us. "Bad Taste" use our address merely as a postal address (issue 2 out soon) There are two guys here tonight selling green flourescent neck bands they cost 50p and have a limited life span OK. Again nothing to do with Cherry Red, but we thought you would be interested, some of you may already have seen um at London Birmingham gigs etc.

All STRANGLERS merchandise on sale tonight is provided by the band themselves and not us.

The regular Cherry Redders will know by now that there has been a goodies stall at the last four or so gigs. The stall now called 'BUBBLES' is run by several Cherry Red personnel these two wotsits will be kept separate (hence a different name for the stall). The reason for 'BUBBLES' coming into being was we couldn't obtain twelve inch singles and obscure new wave records locally for our own personal collections. Mail order people keep you all hanging around for weeks, and a trip to London makes the records kind of expensive. So here we are, turn over for a comprehensive list. I know some of the shops around here do a small selection of new wave, 'dummy!' but it is a SMALL selection. You try getting the Lurkers or Drones. Hey talking of the DRONES, when we went to see the PISTOLS at Wolverhampton, they were queueing in front of us. Buy their E.P. tonight 'Confessions of a White Collar Worker'. EA?

Malvern Council still won't allow us to put the Pistols on here. Needless to say we shall keep trying.

All the Worcester folks who used to buy tickets from Zelle will know by now that she has gone to live in America to become a star. Carolin, Sonia and Louise have taken over from her. So what yer waiting for you guys? Gawd, the things we do for you lot!

Those of you that go to Kings can now get yers from Pete (the punk). Over at Cheltenham DRIFTIN' 270 High St., are now selling our tickets. ALL POSTAL APPLICATIONS TO CHERRY RED

THE BLONDE DIE Well what a balls up that turned out to be. Firstly the band bought themselves out of their recording contract with Private Stock for 1/2 million pounds. Then they axed the first load of tour dated, ours being one of them. We can't now obtain a date convenient to everyone. Instead we have 'THE RODS' October 25th which i'm sure will be more popular than Blondie, which is sickening!

Those of you that come down to the Gardens 'cos there's nothing else to do get off yer backsides and check out Barbs JB's etc., theres loads of good stuff happening. For example on the 27th October, nip up to Brum Town Hall see the Stiff package with Nick Lowe, Elvis etc., then after that's over across to Barbs to see the Heartbreakers. If that keeps you up past yer bedtime then try this.

Malvern's only weekly LIVE Music Club.....Phoenix Music Club Nags Head, Link Top. Every Tuesday. Members 25p. Annual Membership 10p. Then again you could always stay in & watch the 'Old Grey-Haired Whistle Pest'.....
