THE CHERRY RED GIG SHEET

Although all these dates have been confirmed and contracts will be exchanged, you know as well as us that probably one or two of the dates listed below will be changed or even cancelled for one reason or another.

Sure we have to sign contracts which is fine for the bands, they have us covered in every way. But these contracts don't enable the promoter to have any come back on the bands. The 2nd of June was a prime example of that. Anyway don't despair hope there is something of interest for most of you in the list below.

Sept 25.	Dr. FEELGOOD
Oct 7.	WIRE
Oct 19.	BUZZCOCKS
Oct 26.	RADIO STARS
Nov 2	HAWKWIND
Nov 10	JAM
Nov 29	FRANKIE MILLER.

P.S. There's a possibility of The Stranglers for October.
We'll let you know!
